Let me know if this looks okay. I was able to add my electronic signature. If you prefer an ink signature, let me know.

Hi Kim,

I was thinking it would be better to keep it the same just to keep it consistent with the original tolling agreement, but I can change it if that is your client's preference. Just let me know!

Hi Providence,  
Do you want to change the Tolling Agreement to reflect the new business name? Best Choice Products, Inc.  
Or do you want me to sign the existing agreement? I'm not in my office today, but I will have my partner sign it for me.  
I've sent the CD to the client again and asked to expedite signing it.  
Thanks,  
Kim

I agree that makes sense. My apologies for the delay. Can you resend me the updated settlement agreement again so I can resend it to my client. I want to make sure I put the right one in front of him again.  
Thanks,

Kim

Hi Kim,

Just checking in again – have you had a chance to connect with your client?

Also, given that we are moving into the second half of the month, I think it makes sense to extend the tolling agreement one more month through the end of July to make sure the package can make it through our internal approval process. If your client agrees, I can send over an extension to the tolling agreement today.

Thanks,

The company recently changed its name from Sky Billiards, Inc. to Best Choice Products, Inc.  
I defer to your judgment regarding the necessity of changing the settlement agreement.

My client is identifying the right person to sign the settlement and I will provide that information to you as soon as I receive it.

Thanks,  
Kim

Kim:

Please find attached a signature ready version of the Consent Agreement and Final Order. If this document meets your client's approval, please have him complete the information fields on the Respondent's signature page at page 11. Aside from minor edits, the only changes to the document are **Ex. 7(A) - Enforcement Sensitive** and also updates to the maximum penalty numbers in the statutory and regulatory background sections. Please let me know if there are any changes that need to be made to this document. In particular, I'd appreciate your confirming that the BCP's information in the Certificate of Service is correct.

While the attached version of the Consent Agreement is intended to be a signature draft, it remains subject to review and approval by EPA management. Once I receive your signature page, I will be able to commence the briefing process here. We are still on target for filing with the EAB before the tolling period ends on June 30. I will keep you posted on the progress here, and will let you know of any developments that affect that schedule.

Many thanks, and please let me know if you have any questions.
